Description & house plan

The ancient, 300 year old house, is entirely put up in wood and has been listed as historic monument. It has been entirely renovated and has become a country house and a holiday accommodation in one, suitable to sleep 8 to 12 people (7 spacious rooms and side rooms covering 2 floors + a creative cellar).

Many visitors and guests have been inspired by the house's origin and history; the ancient history of Katschal is very well preserved here, without losing comfort. Next to the authentic smoking room, steep wooden staircases, creaking doors and authentic bedrooms, the guests can count on modern comfort as well such as bathrooms, sauna, kitchen, satellite TV and internet.

The house has been renovated with lots of dedication and sense of authenticity and has been elegantly furnished. For instance there's an authentic smoking room, a corn room changed into "zen" room, classy corridors and a library. Sauna and conference cellar are available as well.

The charming atmosphere, the rural character, but especially the one time offer to rent this private villa for holidays or creative purposes makes the Napoleonvilla so appealing. The house is rent on a weekly basis.
